How to Listen to Language Interpretation in Zoom

Introduction

Follow this step-by-step procedure to use the language interpretation feature in Zoom during a court proceeding.

For Microsoft Windows and Apple macOS Computer

Follow this step-by-step procedure on your Microsoft Windows or macOS computer:

Step	Screen
1. In your meeting/webinar controls, click **Interpretation** ⊕. 2. Click the **language** that you would like to hear. 3. (Optional) To hear the interpreter only, click **Mute Original Audio**. **Notes** • You must join the meeting audio through your computer audio/VoIP. **You cannot listen to language interpretation if you use the dial-in or call me phone audio features.** • As a participant joining a language channel, you can broadcast back into the main audio channel if you unmute your audio and speak.	

For Android and Apple iOS Mobile Devices

Follow this step-by-step procedure on your Android or Apple iOS mobile devices:

Step	Screen
1. In your meeting controls, tap the **ellipses** • • •. 2. Tap **Language Interpretation**. 3. Tap the **language** you want to hear.	
4. (Optional) To hear the interpreter only, toggle **Mute Original Audio**.	
5. Click **Done**. **Notes** • You must join the meeting audio through your computer audio/VoIP. **You cannot listen to language interpretation if you use the dial-in or call me phone audio features.** • As a participant joining a language channel, you can broadcast back into the main audio channel if you unmute your audio and speak.
